

Moving into Year 4

Information
booklet for
parents

Year 4 Classteacher : Miss Butler

PE and SWIMMING

- In the Autumn and Spring Term your child will have PE on a Monday, unless you are told otherwise, and should bring their kit into school as normal.
- In the Summer Term your child will be swimming every Tuesday afternoon. Information about kit will be sent out at the end of Spring Term.
- It is advisable for your child to keep their PE kit in school still, for one of events, after school clubs and Sports Day for example.

READING

- Your child will still have a yellow reading record book. They will be expected to read every night and parents will need to keep signing the record as before.
- Even though your child is more than likely to be a confident reader, it is still important for you to listen to them and now ask them more comprehension questions from the document we provide.
- The testing of reading is focused on what the children understand and so if parents work with us on this your child can only benefit.
- Your child is not too old for you to read to them either

HOW CAN YOU HELP YOUR CHILD?

- Keep encouraging your child to be more independent and responsible for their belongings, homework and learning.
- Continue to read regularly at home and support with homework where necessary.
- Read the curriculum letters and follow the suggested advice on activities that can help.
- Look on the school website for links to other educational websites that might be useful.
